1. On 10 Oct 1969, around 17.30 hrs, Subject arrived at Source's house and waited until the latter's coming back from work. Source came around 18.00 hrs and on Subject's suggestion went with him outside, to a restaurant. Subject indicated that he was against "talking here", at Source's house, and insisted having supper outside. Following is the gist of their discussion during supper which was paid for by Subject.

2. Subject informed Source that the meeting planned for 28 Oct 1969 in Montreal will not take place since Source's acquaintance whom he met in Europe, was unable to keep the appointment. (N.B. According to Source Subject did not know, or at least pretended not to know with whom Source met in Geneva.) Instead Subject will visit Source again, or rather they will meet in a restaurant in Philadelphia on 15 Nov 1969 at 16.00h.

3. Subject wanted to know about the UCCA 10th Convention and in particular whether in connection with it there are being planned any anti-Soviet demonstrations or other activities and resolutions that would be harmful to the Soviet Union. Source replied that he could <sup>have</sup> all the information he wanted from Ukrainian papers and as to insight information he could not help him since he himself had no access to it.

4. Another topic Subject was interested in, was the preparation for 10th anniversary of Bandera's death, in the USA and other countries. In particular he wanted to know if some revenge acts were contemplated on the part of OUN Stetsko, against Soviet personnel abroad. Source replied that he did not ~~know~~ know anything <sup>particular</sup> about this group as he maintained no contacts with them, nor about their plans in connection with the forthcoming anniversary of Bandera's death. However, <sup>he</sup> he did not exclude the possibility that a violent act could be answered with a similar one, although he <sup>was</sup> ~~was~~ inclined to think that in this particular case, in New York City, only demonstrations and dissemination of leaflets ~~was~~ planned.

5. Subject wanted to know what the AUS (A Association of Ukrainians in America) was, what was his attitude to this organization, and whether

it also planned any demonstrations and similar activities.

Also: what was the relationship between the AUA and the USCA, ~~whose~~ influences were prevailing in the AUA?

6. The next question was about Mr Lebed Mykola i.e. what he was doing now, what was his attitude to the UCCA and the AUA, will he take part in the UCCA Convention, does he have friends in either organization?

Source replied that as far he knew Mr L. continued his work enlightening American public on Ukrainian affairs by publishing Digest of the Soviet Ukrainian press and doing other things" which <sup>by the way</sup> in Source's opinion should be above all, ~~be~~ by Soviet Ukrainian representatives in this country in the first place.

Source did not know whether L. will participate in the UCCA Convention but his guess was that <sup>not</sup> probably, that he did not belong to either ( the UCCA and AUA) but had friends in both organizations, particularly in the AUA.

7. According to Subject the meeting in Geneva was "very pleasantly" appraised in Kiev.

8. In Nov 1969, at their next meeting, Subject wants to give Source some materials on OUN-Stetsko which he could use in his writings. Source replied that he would have first to read them.

9. Subject "assured" Source that his friend BOROZNY Stepan of Nikopol has already been given an apartment. (According to Source Subject ~~had~~ lied because BOROZNY had had this apartment prior to Source's ~~contacts~~ <sup>with</sup> Tsurkan and Co. )
